

UTECH Rigid foam makers 2015-2016 listing (Companies)

Welcome to the UTECH Rigid foam board and insulation directory 2015-2016.

This is our first venture into the world of trade directories, and we hope that we have covered most of the main players in Europe and North America.

We are making this available only to our Gold Subscribers. Look out for more as we go into 2016, we have plans for a directory of US CASE producers and flexible foam makers in Europe.

The underlying information in this directory came from telephone conversations and web searches carried out between October 2015 and January 2016.

Americas rigid foam makers by company
